Eastbound lane closes on Highway 16 near Mannville

Mannville... Motorists are advised that one eastbound lane of Highway 16 will be closed near Mannville for safety reasons until pavement repairs can be made.

The closure begins July 18 and affects a four-kilometre section of Highway 16 near its junction with Highway 881. Speed will be reduced to 80 km/h during the lane closure, which is expected to last approximately two weeks until pavement repairs can start.

Motorists are advised to use caution and obey all signs during the closure and pending construction. Motorists are reminded that fines for speeding are doubled through construction zones when workers are present.
