Bridge repairs disrupt traffic on Highway 2 near Leduc

Leduc... Bridge repairs begin Sept. 4 on the Tower Road overpass located over Highway 2 between Leduc and Millet. Southbound Highway 2 traffic on the bridge will be reduced to a single lane with a width of 4 metres from 6 a.m. to 9 p.m. The project involves the replacement and repair of several bridge girders, at a cost of \$330,000. Work is expected to be completed by Sept. 30, weather permitting.

Motorists are asked to use caution in the area and obey all signs and flag people. Motorists are reminded that fines for speeding are doubled through construction zones when workers are present.
