Bridge repairs disrupt traffic on Highway 43 east of Whitecourt

Sangudo... Motorists can expect traffic disruptions on Highway 43 eastbound over the Pembina River near Sangudo for bridge deck repairs.

Traffic will be reduced to one lane with a lane width restriction of 3.7 m. Work is scheduled to begin May 1 and will be completed by Oct. 15, weather permitting. The project includes a deck overlay, curb replacement and joint replacement at a cost of \$1.76 million.

Motorists should use caution in the area and obey all signs and flag people. Motorists are reminded that fines for speeding are doubled through construction zones when workers are present.
