Bridge work disrupts traffic on Highway 63 near Fort McMurray

Fort McMurray... Motorists can expect lane closures and delays on Highway 63 north of Fort McMurray.

The closure begins at 9 a.m. on June 30 and affects the bridge over Poplar Creek on northbound Highway 63, approximately 19 km north of Fort McMurray. Traffic will be reduced to one lane on the bridge until noon the same day.

The closure accommodates testing of the bridge deck to determine the timelines for future rehabilitation and repair work. Wide loads are requested to use alternate routes.

Motorists are asked to use caution in the area and obey all signs and flag people. Motorists are reminded that fines for speeding are doubled through construction zones when workers are present.
