## **Construction activity detours traffic on Glenmore Trail in Calgary**

**Calgary...** Motorists are advised that traffic will be shifted to a temporary detour, south of the current Glenmore Trail alignment, in southeast Calgary as part of the Southeast Stoney Trail ring road project.

The detour affects Glenmore Trail between 68 Street SE and 84 Street SE. Single-lane traffic in both directions will be maintained at all times. The intersections of Glenmore Trail at 68 Street SE and 84 Street SE will not be affected by this work.

The detour goes into effect on Oct. 18 and will be in place until further notice. Please note dates are subject to change. The detour accommodates preparation and underground utility work for the new Glenmore Trail interchange for the ring road project.

Motorists should use caution in this area and obey all signs, message boards, and flag people. Fines for speeding are doubled in construction zones when workers are present.

The Alberta government signed a 33-year agreement with Chinook Roads Partnership to design, build, operate and partially finance the southeast leg of the Stoney Trail ring road from its junction with 17 Avenue SE, south along the City of Calgary's eastern limit, then west along Highway 22X to east of the Macleod Trail interchange. The new road will be fully open to traffic by the fall of 2013.
