New traffic detour on Glenmore Trail in Calgary

Calgary... Motorists are advised that traffic will be shifted to a temporary detour, north of the current Glenmore Trail alignment, in southeast Calgary as part of the Southeast Stoney Trail project.

This detour affects Glenmore Trail between 68 Street SE and 84 Street SE. The intersection of Glenmore Trail at 68 Street SE will not be affected by this work. Motorists will continue to use the existing traffic lights at the intersection of Glenmore Trail and 84 Street SE. Some delays to traffic may occur while crews are working in the intersection. Single-lane traffic on Glenmore Trail and on 84 Street SE will be maintained at all times.

The detour goes into effect on Aug. 8 and is anticipated to be in place until the fall of 2012. Traffic on Glenmore Trail will be shifted to the north and construction activity will occur south of the current alignment. *Please note dates are subject to change.* The detour accommodates utility and structure work for the new Stoney Trail-Glenmore Trail SE interchange.

Motorists should use caution in this area and obey all signs, message boards, and flag people. Fines for speeding are doubled in construction zones when workers are present.

The Alberta government signed a 33-year agreement with Chinook Roads Partnership to design, build, operate and partially finance the southeast leg of the Stoney Trail ring road from its junction with 17 Avenue SE, south along the City of Calgary's eastern limit, then west along Highway 22X to east of the Macleod Trail interchange. The new road will be fully open to traffic by the fall of 2013.
