Highway and bridge construction delays traffic near High River

High River... Motorists can expect minor delays on Highway 540 near High River to accommodate paving.

Paving begins Aug. 9 from the junction with Highway 22 to the junction with Highway 2. Traffic may be reduced to alternating single lane controlled by flag people. The speed limit will be reduced to 50 km/h through the construction zone.

The project will be completed by Sept. 15, weather permitting.

Motorists should use caution in the area and obey all signs, message boards, and flag people. Motorists are reminded that fines for speeding are doubled through construction zones when workers are present.
