Paving reduces lanes on Highway 831 near Waskatenau

Waskatenau... Motorists can expect lane reductions and minor delays on Highway 831 near Waskatenau to accommodate paving.

Paving begins Sept. 6 and affects 16 kilometres of the highway from its junction with Highway 45 to its junction with Highway 28. During construction, traffic will reduced to one-lane alternating controlled by either flag people or signals. The lane width will be reduced to 4.0 metres.

Paving will be completed by Oct. 15, weather permitting.

Motorists should use caution in the area and obey all signs, message boards, and flag people. Motorists are reminded that fines for speeding are doubled through construction zones when workers are present.
