Bridge work causes minor traffic delays in Canmore

Canmore... Motorists can expect minor delays on Rundle Drive in Canmore to accommodate a bridge deck rehabilitation project.

Work starts Sept. 6 and affects the bridge carrying Rundle Drive over the Bow River. Traffic will be reduced to alternating single lane controlled by signals. The project is expected to be completed by Oct. 30, weather permitting.

Motorists should use caution in the area and obey all signs, message boards, and flag people. Motorists are reminded that fines for speeding are doubled through construction zones when workers are present.
