Alberta Snapshot

Calgary, Alberta-based Enbridge, a multi-national pipeline and energy company, owns and operates the Silver State North Solar Project, which is a 50-megawatt solar farm located in Clark County, Nevada, about 40 miles south of Las Vegas.

The Silver State North Solar Project is the first large-scale solar energy project on U.S. public lands in Nevada. It generates enough electricity to meet the needs of 9,000 homes and helps Nevada meet its legislated renewable energy goals.
