

# Bisha Soo Kabashada: Wasiir Williams

Sebtembar 01, 2024 Weydiimaha warbaahinta ([Media inquiries](#))

## Wasiirka Caafimaadka Maskaxda iyo Balwadaha, Dan Williams, ayaa soo saaray bayaankan soo socda ee Bisha Soo Kabashada:

Lixdii sano ee la soo dhaafay, dowladda Alberta waxay u dabaaldageysay bisha soo kabashada. Bisha Sebtembar, waxaan xoogga saarnaa farriinta ah in soo kabashada ay suurtagal tahay, iyadoon loo eegin caqabadda caafimaadka maskaxda ama ku-tiirsanaanta ee aad la kulanto.

Tan iyo markii aan markii ugu dambeysay ee aan xusnay bisha soo kabashada, waxaa la sameeyay shaqo weyn si loo dhiso Qaabka Soo Kabashada ee Alberta. Iyadoo la maalgeliyay in ka badan 10,000 oo meelood oo cusub oo daaweynta ku-tiirsanaanta, iyo ballaarinta Barnaamijka Khatarta Opioid Virtual, dowladda Alberta hadda waxay furan tahay saddex bulshada soo kabashada, iyadoo sidookale siddeed kale qorshaysan.

"Bishii la soo dhaafay, waxaan ku dhawaaqnay mid ka mid ah ballaarinta ugu weyn ee adeegyada caafimaadka maskaxda ee carruurta iyo dhallinyarada. Soo kabashada waxay noqon doontaa mid kala duwan qof kasta, laakiin hadafka ugu weyn waa mid isku mid ah: siin dadka fursad ay ku dib u dhisaan noloshooda oo ay helaan qanacsanaan iyo ujeedo maalin kasta.

Waxaan si weyn ugu faanaynaa shaqada aan qabaneyno iyo iskaashiga aan dhiseyno. Dunidu waxay indhaha ku haysaa Alberta sida aan u balaadhineyno adeegyada daaweynta iyo soo kabashada si aan la mid ahayn xeerarka kale. Inkastoo tirada gobollada kale ay weli aad u sarreyso, Alberta waxay dhowaan xustay bisha ugu hooseysa ee dhimashada opioid-ka ee in ka badan afar sano bishii May 2024. Isbeddelkan togan wuxuu muujinayaa in iyadoo la helayo daryeel iyo taageero sax ah, soo kabashada ay suurtagal tahay.

Haddii adiga ama qof aad jeceshahay uu ka soo kabanayo ku-tiirsanaanta ama uu wajahayo caqabado caafimaadka maskaxda, ha sugin inaad la xiriirto. Caawimo ayaa la heli karaa adigoo

wacaya Alberta 211, Barnaamijka Khatarta Opioid Virtual ama La-talin Alberta. Mid kasta oo ka mid ah waxay ku xireysaa daryeelka saxda ah si ay kuu taageeraan raadintaada soo kabashada."
